

# LANDFORMS OF CANADA VIDEO CLIPS

STUDENT: \_\_\_\_\_

## Welcome to Canada - Clip #1

1. How many miles does Canada cover? \_\_\_\_\_ (9,992,000 km<sup>2</sup> sq.)
2. What country is bigger? \_\_\_\_\_ Where do we rank in size? \_\_\_\_\_
3. Copy the physical description they give of Canada and how many time zones we cross.

---

---

---

---

## Canada's Landforms - Clip #2

1. What are the 7 physical regions that Canada is divided into?

- |          |          |
|----------|----------|
| 1. _____ | 2. _____ |
| 3. _____ | 4. _____ |
| 5. _____ | 6. _____ |
| 7. _____ |          |

## Western Cordillera

2. What two large mountain ranges make up the Western Cordillera?

1. \_\_\_\_\_
2. \_\_\_\_\_

3. What shore does the Coastal Mountains hug? \_\_\_\_\_

4. What are fjords? \_\_\_\_\_

---

---

5. What 3 things can be found in the fjords? \_\_\_\_\_

6. What really are the islands in the Pacific range?

7. What type of crops (food) are grown in the Southern region of this basin?

---

---

8. Where (what province) are the Canadian Rockies located in? \_\_\_\_\_

9. What recreational activities play a key role in the region's economy?

---

---

## Arctic Islands

1. What region do we call the area with the 3 largest arctic Islands? \_\_\_\_\_

2. What do we call the 3 largest arctic Islands?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

3. How big is Baffin Island? Where does it rank? \_\_\_\_\_

4. Where are these Islands located? \_\_\_\_\_

5. Describe the climate and what kinds of vegetation (plants) grow there.

---

---

---

---

6. What is tundra? Describe it.

---

---

**Interior Plains**

1. Where is it located.? \_\_\_\_\_

2. What is it covered with? \_\_\_\_\_

2. What kind of ranching (animals) and farming (crops/vegetation) occurs here?

3. What do we call this region? Why? \_\_\_\_\_

4. How much wheat can be produced here? \_\_\_\_\_

4. What kinds of crops are also grown on interior plains lands?

---

---

**Canadian Shield**

1. How big is it? \_\_\_\_\_

2. What is its shape? \_\_\_\_\_

3. What is it composed of ? \_\_\_\_\_

4. Describe the land and the vegetation cover. \_\_\_\_\_

---

---

**Hudson's Bay /Arctic Lowlands**

1. What is it covered with? \_\_\_\_\_

2. What is peat? \_\_\_\_\_

**St. Lawrence Lowlands**

1. Where do most Canadians live? \_\_\_\_\_

2. How many people live in Toronto? \_\_\_\_\_

3. Give a physical description of the region. \_\_\_\_\_

4. What are the principal crops grown here? \_\_\_\_\_

---

---

**Appalachian Highlands**

1. Where is it located? On what coast, near what ocean?

---

---

2. Describe the physical characteristics of the region and what it is noted for.

---

---

3. Describe what rich soil means to Canada?

---

---

---

---
